123 Integration LLC Welcomes You

123 Integration LLC PO Box 123 Enoree, SC 29335
(864) 593-0250 www.123integration.com

Welcome

We would like to extend our welcome to you and thank you for your business. At 123 Integration LLC we view your business or organizational needs very seriously. Our business started based off of the needs of people in the public and private sector trying to find a good service for a reasonable price. Each year our company gets stronger and has a high customer retention rate based off of factors besides price.

First and foremost we do not engage in any predatory practices such as spamming, high pressure sales, or promises that are misleading.

Secondly we support the business community and commit to strong productivity and value. Our services that we offer are among the lowest rates in the state; because they are value enhanced.

Thirdly we invest in new technologies, software, hardware, and strategies for the future. We watch for trends and changing demands and remain flexible to meet those new opportunities.

Welcome to 123 Integration LLC. Our mission is to give you the best in customer service and user experiences while enhancing value and excellence.

Sincerely,

Edward Hull – Owner 123 Integration LLC

Principals dictate our business

Our report at McAfee Site Advisor shows we do not engage in spamming, or related practices.

We offer rates that are not only competitive but are also sustainable so that clients can rest at ease.

We focus on continuous improvement as a core concept to improve and sustain quality.

We offer flexibility so clients can get a diverse choice in offerings.

We offer products that encourage efficiency, ease of use, and individuality.

**We bring the possibilities of the web to levels that are attainable.
Principles dictate a strong relationship with the public.**

In 2008 we invested considerably into productivity tools that are used to increase value for our customers.

Our current setup time for a basic 5 page website is around 12 hours. This includes account setup, contact forms, maps, search engine submission, template design, keyword analysis, and adding customer content. This is an approximate cost of \$480

Experience that counts

We build sites in Joomla, flash sites like swish, html, shopping carts, Simple Machines Forum, Word Press, and more.

We can offer features like polling, newsletters, template changes, emailing forms, incorporation of java script, embedded materials, play lists, and video.

We also build W3 valid templates that can be used for Joomla, html, xhtml, Word Press, Drupal, and Dot Net Nuke.

We can also set up services and manage them for fees including :
Share Point Email, Regular Email, SSL Certificates, fax thru email, hosting, domains, and all other products.

Serving Spartanburg, Greenville, Anderson, Pickens, Cherokee, Boiling Springs, Woodruff, Enoree, Landrum, Easley, Reidville, Greer, Roebuck, Startex, Simpsonville, Mauldin, Greenwood, Pacolet, Lyman, West Columbia, Columbia, Charlotte, Gaffney, Orangeburg, Charleston, Chapan, and others.
